

Commission on Improving the Status of Children in Indiana

Working towards equity, inclusion, and diversity requires increasing cultural competency by seeking continuing education and making individual, organizational, and systemic changes as a result of that education. Below are sources for curriculum and/or education by key terms, including for example multimedia, journals, and webinars, and who their intended target audiences are. The Equity, Inclusion & Cultural Competency committee offers the following curriculum and educational resources for your consideration. These resources were vetted using a set of standards for evaluating all resources identified, and thus represent the best resources that were found.
